

Model 5050 Owner's Manual

(Expansion board for the Model DV40)

The Model 5050 is the optional expansion board dedicated for the Fostex DV40 DVD master recorder. This board allows the DV40 to play back and output track 5 and 6 signals recorded by the PD-6 DVD location recorder both in analog and digital.

Ask our service station for the installation of the 5050 to the DV40 when purchasing the 5050.

For the detailed instructions for the 5050, see the "Version 1.60 supplement" which is supplied with the DV40 version 1.60.

If you are using a DV40 whose version number is earlier than 1.60, upgrade the DV40 and get the "Version 1.60 supplement" when installing the 5050.

Fostex®

Declaration of EC Directive

This equipment is compatible with the EMC Directive (89/336/EEC) - Directive on approximation of member nation's ordinance concerning electromagnetic compatibility and with the Low Voltage Directive (73/23/EEC) - Directive on approximation of member nation's ordinance concerning electric equipment designed to be used within the specified voltage range. This equipment is compatible only when connected to a Fostex specified product.
